## SOLDIERS' BALANCES UNCLAIMED.

IN pursuance of the "Regimental Debts Act, 1863," notice is hereby given, that Her Majesty's Principal Secretary of State for the War Department has available, for distribution amongst the next of kin, the sum of money set opposite to the name of each of the deceased soldiers named in the list which is published with this notice in the "London Gazette" and the "Army List," and is also to be seen at the Quarters of the several Staff Officers for the Recruiting and Pension Service throughout the United Kingdom.

Applications from persons supposing themselves entitled as next of kin should be addressed by letter to "The Under Secretary of State, War Office, London, S.W.," and marked outside "Soldier's Effects."

No application can be attended to which does not state the dates and places of the soldier's birth, enlistment, and death, and the name of his regiment; his regimental number should also be stated if known.

Should these particulars furnished by the applicant not agree with the facts recorded on the War Office documents relating to the deceased soldier, the applicant will be so informed; but should they agree therewith, then within three calendar months the Secretary of State will furnish the applicant with the usual requirements needed for the proof of the alleged relationship.

The application must be authenticated by the signature of the applicant, and his name should be affixed in the presence of the clergyman, or one of the churchwardens of the parish, or a justice of the peace. The applicant's address, with the name of the post town, must also be clearly stated. No personal application can receive attention.

Further lists will from time to time be published, and therefore it will facilitate the applicant's inquiries to give the number and date of the notice in which the deceased soldier's name appeared. Dated this 31st day of March, 1870.

By Order of the said Principal Secretary,  
EDWARD LUGARD.

**NOTE.**—A copy of this Notice is to be seen at the Quarters of the several Staff Officers for the Recruiting and Pension Service throughout the United Kingdom.

### CL. 49.—Extra-Duty Pay and Departmental Pay, Army Service Corps.

*(Issued as a Special Army Circular on 12th April, 1870.)*

#### VICTORIA R.

WHEREAS we deem it expedient to revise the regulations for the extra-duty pay and working pay of the Army Service Corps as contained in our Royal Warrant of 12th November, 1869, and to grant departmental pay in lieu of the working pay allowed by the said Warrant;

Our will and pleasure is, that Articles 14 to 19 of the Royal Warrant above referred to be cancelled, and that the regulations contained in this present Warrant be substituted in lieu thereof, subject to such instructions as our Secretary of State for War may from time to time issue.

#### *Extra-Duty Pay.*

1. Such of the staff serjeants and other non-commissioned officers and men of the Army Service Corps as may from time to time be placed in charge of out-stations, or be in the performance of other duties of trust and of exceptional importance, may, while in the performance of such duties, be granted in addition to their regimental pay a daily extra-duty pay of 1s. 6d. for seven days in the week, subject in each instance to the previous approval of our Secretary of State for War.

#### *Departmental Pay.*

2. Such of the non-commissioned officers and men of our Army Service Corps below the rank of staff serjeant as shall be present and effective at their post, shall, subject to the limitations and forfeitures specified in the instructions which are now or which may

hereafter be promulgated by our Secretary of State for War, be entitled, in addition to their regimental pay, to departmental pay, in accordance with the following scale:—

		Daily.			Daily.

2nd "	...	1s. 0d.	5th "	...	0s. 4d.

Given at our court at Windsor, this 11th day of April, 1870, in the thirty-third year of our reign.

By Her Majesty's command,  
EDWARD CARDWELL.

*Secretary of State's Instructions on the foregoing Warrant.*

1. The hours for departmental work will be regulated by the Controller at the station, in accordance with the exigencies of the service.

2. Non-commissioned officers and men in receipt of departmental pay shall not be entitled to working pay, nor to any extra allowance for overtime.

3. Non-commissioned officers shall not be entitled to departmental pay while in receipt of extra-duty pay.

4. Departmental pay shall not be issued for Sundays, except to men necessarily in the performance of departmental duty on that day.

5. Departmental pay shall not be issued to men absent either with or without leave—to men on the sick list, in confinement or on board ship—unless when actually in the performance of necessary duties.

6. Departmental pay will not be issued to men enlisted direct into the Army Service Corps, nor to men of other corps serving therewith on probation, until the Controller under whom they are serving shall report them as qualified for their departmental duties.

7. When non-commissioned officers and men of the Army Service Corps are guilty of misconduct, or show themselves negligent or inefficient while in the performance of departmental duty, the Controller of the district may stop the whole or any portion of their departmental pay on the day on which they are guilty of such misconduct, and may also reduce them to such lower rate of departmental pay as he may consider necessary, reporting such stoppage or reduction to the staff officer.

8. The responsibility of determining the rate of departmental pay to be assigned to each individual non-commissioned officer or man shall rest with the staff officer of the corps.

9. In selecting men for the higher rates, the nature of their trade or occupation as well as their rank in the corps should be considered, greater weight being given to the former. Privates may be placed on the first or second rates in cases where from exceptional causes they may be unable to qualify as non-commissioned officers, but are of good character and highly skilled and qualified in departmental duties.

10. Before authorizing the issue of the first rate the staff officer will cause a board of departmental officers to assemble and investigate the qualifications of each man recommended for that rate, and the nature of the duties on which he is to be employed.

11. As vacancies occur in the higher rates, the staff officer will take into consideration the claims of the men at the various stations for advancement, and for this purpose the Controllers, under whom men are serving, will report on the 1st January and 1st July to the staff officer for the information of the Controller-in-Chief on the character, qualifications and occupation of the men whom they recommend for advanced rates.

12. The number of non-commissioned officers and men to be placed on the several rates of departmental pay shall not exceed the following proportions, or such other proportions as the Secretary of State for War may from time to time approve; such proportions being calculated on the total strength of the corps under the rank of staff sergeant:—

On the 1st rate	...	...	...	1 per cent.
" 2nd "	...	...	...	14 "
" 3rd "	...	...	...	20 "
" 4th "	...	...	...	28 "
" 5th "	...	...	...	37 "

**ARMY CIRCULARS—continued.**

13. A register of the Army Service Corps, with the rate of departmental pay authorized by each non-commissioned officer and man, will be kept in the office of the staff officer, and every change in the authorized rates will be noted thereon and will be published in corps orders. The register must be kept with the utmost strictness. It will be open at all times to the inspection of the control paymaster attached to the corps and to the chief auditor.

14. The staff officer in moving men from one station to another will inform the Controller at the station to which the men proceed, the rates of departmental pay to which they are entitled.

15. Departmental pay will be issued by the paymaster and accounted for in the Pay List of the corps, and officers charged with the payment of the men will be responsible that the rates of departmental pay and the amounts issued are duly entered in the company ledger. Every change in the rate of departmental pay, together with the date thereof, will also be recorded in the pocket ledger.

16. Any charge for the issue of departmental pay on Sundays, must be supported by a certificate from a control officer that the recipients were necessarily employed on that day.

**Cl. 50.—Advance Pay to Officers on Embarkation for India.**

It is hereby notified, with reference to clause 159, Army Circulars, 1869, that the period for which pay may be advanced to officers proceeding overland to India continues to be for forty days only.

**Cl. 51.—Travelling Expenses of Officers proceeding to Hythe or Aldershot for Instruction.**

1. Officers who volunteer to go through a course of instruction in gymnastics at Aldershot or elsewhere, will be required to proceed to rejoin their corps at their own expense.

2. Officers desirous of going through a course of musketry instruction at Hythe, on the recommendation of their commanding officers, will be specially allowed travelling expenses; but officers who, while at home on leave from their regiments, volunteer to go through such a course must proceed to and from the place of instruction at their own expense.

**Cl. 52.—List of Fares by Steam Boat.**

A list of fares for the conveyance of troops by steam boats is issued with the present Army Circular to officers and others concerned.

**Cl. 53.—Lodging Money.—2nd Class Staff Serjeants.**

The regulation (Clause 85, Army Circulars, 1869) regarding the division of lodging money to 2nd Class regimental staff serjeants relates only to foreign stations.

**Cl. 54.—Married Establishment.—Royal Artillery.**

The married trumpeters and rank and file of Royal Artillery will be calculated for the future upon the establishment of each battery, instead of upon the brigade establishment.

**Cl. 55.—No. 1 Reports.**

The names of men who having re-engaged for a further term are entitled to the extra 1d. a-day, should invariably be first entered in No. 1 Reports (W. O. Form 330A), under a separate heading of "Men entitled to Re-engaged Pay."

A space should be left (and a line drawn) between such men's names and those who are not so entitled. The heading of "Men not entitled to Re-engaged Pay" should also be used.

**Cl. 56.—Superannuation.**

In submitting cases for retirement, the dates on which it is proposed that the salary and services of the officer retiring shall cease, must in every instance be entered under the heading reserved for the purpose in the printed Superannuation Form (W. O. Form 1154).

3. Brigadier General Adye will be designated Director of Artillery and Stores, and will deal with all questions relating to the manufacture, provision, supply, and maintenance of munitions of war, and other military stores.
4. The offices of Director General of Ordnance and Deputy Director General of Ordnance have been abolished.

**Cl. 58.—Temporary Appointments in Control Department.**

1. In future, Controllers will not be required to report specially the substitution of one subordinate holding a temporary appointment in the Control Department for another. It will suffice that such a substitution be recorded in the Monthly Return of Casualties, W. O. Form 1562.
2. In the event of a temporary appointment to a vacancy occurring in the permanent establishment, or of any appointment causing increased expenditure, a special report detailing the necessity of the appointment and the amount of the extra expenditure must at once be made to the Secretary of State for War.

**STORING OF AMMUNITION.****Cl. 59.**

1. Ammunition for breech-loading small-arms, which contains its own means of ignition must not be stowed within the same masonry compartments of magazines as gunpowder, whether the latter is in the shape of filled gun cartridges or looses.
2. Control officers will accordingly take the necessary steps for placing ammunition of this class in separate masonry compartments.
3. Powder, the produce of broken-up breech-loading small-arm ammunition, will not be stored in magazines or used for any purpose, on account of the danger which might arise from a mixture of the detonating composition with it.
4. Such powder should be carefully kept separate, and destroyed at all stations where the means of extracting the saltpetre do not exist.
5. Breech-loading small-arm ammunition should not however be broken up without the special order of the Controller in Chief, obtained through the Controller, Royal Arsenal.

issued in substitution for those contained in Clause 22, Army Circulars, 1870, which is hereby cancelled.

2. Useless books and documents (including printed forms) will not be allowed to accumulate. Should any great accumulation at present exist in any regimental or staff military office, steps will immediately be taken for a clearance being made in the manner laid down in these Regulations.

3. Before books or documents are condemned as useless, the officer at the head of each office will forward to the War Office through the local Controller, a full list thereof, showing the following particulars :—

1. The description of the books or documents,
2. The periods to which they apply,
3. The reasons in each instance for the books or documents being considered no longer necessary.

The Secretary of State for War will then decide as to the retention or destruction of the books or documents in question.

4. All books and documents condemned as useless, as also old paper, and other worn-out articles of stationery (excepting old bottles and pens), both in staff and departmental offices, will from time to time, under orders from the local Controller, be delivered over to the Control Department by the several heads of offices.

5. The Control Department will, however, on no account take charge of condemned books, documents, &c., until a notification is received from the War Office, that the condemnation has been authorized by the Secretary of State for War.

6. In order that the expense of forwarding useless books, and documents, from stations abroad, may be diminished as much as possible, local Controllers will, after bringing them on charge by weight, send them to this country in her Majesty's ships, or in any other way by which cost will not be incurred for freight.

7. At home stations, books, paper, and all such articles will be brought on charge by weight, and kept in store by the local Controllers until the accumulation amounts to one cwt. ; when they will be forwarded to the Stationery Office through Messrs. Pickford's agents, unless any cheaper mode of conveyance shall be available.

8. The cases and packages, whether sent from home or foreign stations, will be addressed to the Controller of her Majesty's Stationery Office, London, and marked "waste paper," the words by "goods train" being added in case of railway transit. At the time the cases or packages are despatched an invoice of the contents will be forwarded by post to the Controller of the Stationery Office.

### G.O. 41.—Staff College.

(Specially issued 14th April, 1870.)

The accompanying revised Regulations for the Staff College are promulgated for the information and guidance of officers of the Army, and are substituted for those in the Appendix to G.O. 102 of 1868.

I. The Staff College is open to officers of all arms of the service and shall consist of forty students; admission to the College being determined by a competitive examination. Only one officer at a time can belong to the College from a battalion of Infantry or a regiment of Cavalry, and only ten officers at a time from the two corps of Royal Artillery and Royal Engineers; but so far as the exigencies of the service shall permit, there will be no limitation to the numbers allowed to compete for admission. Every application to study at the Staff College must be made whilst the officer making it is present and serving with his regiment, through the commanding officer. No application from an officer on leave will be entertained.

II. Twenty vacancies will be offered for competition annually, five of which may be filled by officers of the Royal Artillery and Royal Engineers, provided they are among the twenty candidates highest on the list. The principle under which officers are allowed to enter the Staff College being that of pure competition, it follows that candidates who may be found qualified at any examination, but who, from want of a sufficient number of vacancies, cannot then be admitted, will not have any claim to subsequent admission without undergoing another competitive examination.

III. No payment is required from students to the funds of the college, beyond an entrance fee of £3 from an unmarried, and £1:10s. from a married officer, as a contribution to the college mess funds in addition to the regulated quarterly subscription; and an entrance subscription of three guineas to the college library.

IV. The qualifications requisite for admission are—

- a. A service of not less than five years, previous to examination, exclusive of leave of absence.
- b. A certificate from his commanding officer that the candidate is in every respect a thoroughly good regimental officer.
- c. A confidential report (in answer to specific questions) regarding the character, habits and disposition of the candidate, and his general qualifications for employment on the staff. These questions are to be confidentially answered by a

\* This is not to apply to the usual leave of absence annually granted to Officers.

**GEN. ORDERS—continued.**

board, consisting of the commanding officer and the two next senior officers of the candidate's regiment.

d. A certificate that the candidate, if not a captain, has passed the examination for a troop or company and the "special Army examination."

e. A medical certificate of good health and fitness for the active duties of the staff.

V. Commanding officers of regiments will in every case forward applications for admission to the Staff College, through the general officer in command, to the Adjutant General.

VI. Every candidate, before being admitted to the entrance examination, will, if practicable, be attached for a month to the staff of a general officer commanding a brigade or division, who, at the expiration of this period, will report confidentially upon the candidate's general fitness for staff employment.

VII. The competitive examination for entrance to the Staff College, comprises the following subjects, the relative value of each at the examination being shewn by the number of marks attached to it:—

	Marks.
Mathematics, limited to arithmetic, algebra, geometry, plane trigonometry, and elementary mechanics	900
Military history and geography	900
French ...	300
German ...	300
Hindustani ...	300
Fortification	600
Military drawing ...	300
Geology, exclusive of mineralogy	300
Chemistry, heat, electricity and magnetism	300

A qualification will be exacted from every candidate in—

1. Mathematics. 400 marks will be allotted to arithmetic, the first four books of Euclid, and algebra as far as simple equations inclusive; and of this number at least 250 must be obtained for qualification.

2. Either French, German or Hindustani. The qualifying minimum is, in French 150 marks, in German or Hindustani 100 marks.

3. Elementary field fortification. One-third of 150 marks, to be assigned to a simple paper, will be required as the qualification in this subject.

VIII. The remaining subjects, as well as the higher portions of mathematics, may be taken up or not at the option of the candidate, the marks gained therein and in the obligatory subjects, after deducting 60 from the marks gained in each subject, being reckoned in determining his position in the list of competitors.

IX. In regard to military history, early notice will on each occasion be given of the special campaigns on which questions will be set at the next ensuing examination.

X. The examination of officers serving in the United Kingdom, for entrance to the Staff College, is held in London, about the month of July, under the direction of the Director General of Military Education.

XI. In the case of officers serving abroad, the examination is conducted by means of the same printed questions as are set for the examination of candidates in London. These questions are to be answered in writing in the presence of a board of officers, which will be appointed by the general officer in command, and which will certify that the candidate has obtained no assistance from books, or help of any kind in the examination.

XII. Notice will be given of each examination, and detailed instructions for the guidance of candidates will be published annually in the General Orders of the Army. Candidates are recommended to obtain the reports of the past examinations for admission, with copies of the examination papers, published by Taylor and Francis, Red Lion Court, Fleet Street.

XIII. The college course of study commences annually on or about the 1st February. The transmission of the printed examination papers to stations abroad is so arranged that the examinations may be held simultaneously, and the merits of the candidates decided upon in time to admit of those who are successful joining the Staff College by the 1st February next ensuing.

XIV. A synopsis of the course of study will be forwarded to any officer on application to the Director General of Military Education, 13, Great George Street, S.W.

## GEN. ORDERS—continued.

XV. The following are the subjects of instruction at the Staff College, viz. :—

*Obligatory.*

1. Fortification and field engineering.
2. Artillery.
3. Topographical drawing, military surveying and sketching, road making and photography.
4. Reconnaissance.
5. Military art, history and geography.
6. Military administration and law.
7. French, or German, or Hindustani.
8. Military telegraphy and signalling.
9. Riding.

Every officer at the end of the first year shall be required to pass a qualifying examination in practical mathematics, comprising mensuration; the mode of determining heights and distances by ground problems, and by the ordinary trigonometrical calculations with the aid of logarithms, the use of the sextant, and elementary mechanics. This examination, however, shall have no influence upon the final classification of officers. Instruction in mathematics, to the above extent, shall be afforded to such officers as may require it during the first year; beyond this point mathematics shall cease to form part of the course of obligatory instruction at the college.

*Voluntary.*

1. The two languages not selected as obligatory.
2. Geology, exclusive of mineralogy.
3. Experimental sciences.

Officers desirous of showing their proficiency in any or all of the above subjects, as well as in modern languages, and landscape drawing, may be examined therein, and a special report of their qualifications in each subject will be made to the Field Marshal Commanding in Chief, provided they obtain three-fifths of the maximum allotted to that subject; but they will not be allowed to count any marks thus gained at the final examination.

XVI. The course of study occupies two years, which period is not to be exceeded except in case of illness, and then only with the sanction of the Field Marshal Commanding in Chief. The commandant, in arranging the details of the course of instruction, will be assisted by a college board composed of the professors.

XVII. The yearly course is divided into two terms, viz., from the 1st February to the 15th June, and from the 15th July to the 15th December, the intervening periods constituting the vacations.

XVIII. Confidential reports as to the character and abilities of every officer at the college, and his qualifications for staff employment, will be forwarded at the end of every term by the commandant to the Commander in Chief, and any student who is reported unlikely to make an efficient staff officer, will be required to leave the college. Examinations are held at the end of every half-year; the summer examinations being conducted by the professors of the college, and the winter examinations by examiners independent of the establishment.

XIX. These examinations are probationary, and any student will be required to withdraw from the college who shall fail to obtain a minimum aggregate of marks to be fixed by the commandant with the approval of the Director General of Military Education. The marks gained at these examinations will not be carried on to the credit of students at the final examination.

XX. Should, moreover, any marked case of deficiency or neglect be brought under the notice of the Director General of Military Education, at any half-yearly examination, or at any other period, the student so reported will be liable to removal.

*Final Examination.*

XXI. At the end of the second year a final examination will be held for the purpose of testing the general proficiency of the students in the obligatory subjects of the college course, as well as the qualifications of other officers who, under paragraph 24, may be admitted to the examination.

Credit will be given to each subject at the final examination in the following proportions :—

- |                                                   |     |    |

XXII. In the examination in modern languages, great stress will be laid on original composition, and on colloquial knowledge.

XXIII. After the final examination the Director General of Military Education will draw up, and submit to the Field Marshal Commanding in Chief, a list of the successful candidates, whether students at the college or not, arranged in the order of seniority of their regiments, in two classes, namely:—First Class, "honors." Second class, "pass."

XXIV. Officers of all branches of the service shall be allowed to pass the final examination at the Staff College (subject to the following restrictions), without having gone through the course of instruction at the college. Candidates presenting themselves for the final examination without having gone through the course of instruction, must have a previous service of seven years, and similar qualifications in other respects to those exacted (in article 4) from candidates for admission to the Staff College.

They must also reside for two months at the college previous to the final examination, in order to be examined, under the direction of the commandant, in field sketching, reconnaissance, road making, and the other practical subjects of instruction at the college.

They must also pass the qualifying examination in practical mathematics, and an examination in riding.

XXV. Officers who have passed their final examination at the Staff College will either—

1. Be attached for three months, during the following summer drill season, to the staff of a general officer at some camp where all the three arms of the service are present. During this period they shall be regularly employed as acting staff officers, and shall be required to make themselves acquainted with the organization of the several arms, and with the combined movements of troops. At the end of three months a confidential report shall be forwarded by the general officer, stating minutely their abilities, the manner in which they have performed their duties, and the department of the staff for which they appear to be most fit; or—

2. Be attached, during the following summer drill season, to other arms of the service, for the purpose of acquiring instruction in those duties and field movements which are not common to their own. Certificates of their efficiency therein will be forwarded to the Adjutant General by the officers commanding the corps to which they have been attached.

Officers of Cavalry and Infantry will attend at Woolwich, or such other station as may be named, for instruction in Artillery for a period of two months.

Officers of Cavalry will be attached to Infantry for two months.

Officers of Artillery, Horse Artillery excepted, will be attached to Cavalry for one month, and officers of Engineers and Infantry for two months.

Officers of Artillery and Engineers will not be required to be attached to Infantry.

XXVI. Candidates who shall have proved their fitness for employment in the topographical department of the War Office, by a superior knowledge of French and German, as well as of Topography, will be named in the report of the Director General of Military Education as qualified for employment in that department.

5. The schedule (*see* Appendix), which has been drawn up on the foregoing principles, will be adhered to by all concerned.

6. In calculating fuel and light for soldiers' rooms and fuel for soldiers' cooking, the actual strength of the corps will be taken, including sick in hospital, soldiers confined in barrack cells, absent with or without leave, detached on escort duty, or on any temporary command, provided such absence shall not exceed 14 days; but deducting detachments, recruiting parties, men in district prison, and all non-commissioned officers and men receiving a separate allowance of fuel and light.

7. The coal mentioned in the schedule is sea-borne coal. 100 lb. of inland coal, 80 lb. of coke, or one kish of turf of 20 cubic feet, are to be considered equivalent quantities to 80 lb. sea-borne coal.

8. Fuel for warming cells and for cooking the meals of prisoners will be issued at special rates to be fixed in each case, daily instead of weekly, and only when the cells are occupied.

9. Fuel for a harness room will only be issued when certified by the officer commanding to be absolutely necessary for preventing mildew.

10. Fuel and light authorized for guard rooms will be issued daily.

**ARMY CIRCULARS—continued.**

11. Fuel and light will not be drawn by officers who are in receipt of lodging or furniture allowance.

12. When inland coal is used, the monthly fuel returns, according to W.O. Forms 1416, 1417, 167 and 168, will be made out in detail, according to the scale of sea-borne coal fixed for the several services, and one-fourth added to the total to give the amount of inland coal to be issued.

13. The dates of authorities for all special issues will be invariably inserted in the margin of the monthly fuel returns.

14. Issues to guards upon wet days during the summer months may be made on requisitions to be signed in garrison by the general officer commanding, or a garrison staff officer, or by the field officer of the day, if there be no responsible staff officer of the station, or by the officer commanding where there is no field officer of the day. These requisitions will be attached to the monthly fuel returns.

15. Upon other days in summer no issue will be made except in the case of cooking being done on guard, at the rate given in the scale.

16. General officers and officers commanding garrisons, regiments or battalions, when there is no general or other superior officer at the station, may authorize the issue of 10 lbs. of coal a-day for each guard-room grate in permanent barracks, in addition to the issues sanctioned in the enclosed scale, and may also authorize one-third fuel in addition to the quantity fixed for warming the rooms of officers and men, and orderly-rooms, guards and staff officers, in wooden barracks or wooden huts whenever the weather in winter is so unusually severe as to render such issues necessary for the health of the troops. The Controller will make such extra issues on requisitions signed as directed in paragraph 14.

17. The Control officer who issues the extra fuel will each week, or sooner, if necessary, submit to the officer commanding whether, having regard to the cost of the issues, to the weather, and to all other circumstances, the extra issues should be discontinued or not, the date of discontinuance being reported to the Controller in Chief.

18. It is to be distinctly understood that no further issues of fuel will be made without the special authority of the Secretary of State; and any officer making further issues will be held personally liable.

19. When regimental recreation-rooms are kept open after tattoo, under paragraph 1080 of the Queen's Regulations, one-sixth more fuel than that given in the scale may be issued on the requisition of the officer commanding the regiment or corps. No fuel will be issued for the bar, as any expenditure required for it must be covered by the prices of the articles sold.

20. For officers' messes, fuel will only be drawn for regular regimental dining members, and not for non-resident or honorary members, nor for staff or departmental officers, even when regular dining members of a mess. Regimental officers, regular dining members of their mess, who, from want of barrack accommodation, are compelled to live out of barracks, may be included in the number for whom mess allowance of fuel is drawn.

21. Issues will be made according to the substantive rank of officers.

22. Staff surgeons, in medical charge of a dépôt battalion, being entitled to be members of the mess, will only be allowed regimental issues of fuel and light, and not the staff rates.

23. Unmarried schoolmasters mess with the serjeants of their regiment, battalion or corps.

24. Regimental librarians are only entitled to the allowances provided for their regimental rank, and not to the librarian's allowance mentioned in the enclosed scale, which is only intended for pensioner garrison librarians at the stations named in W. O. Circular 798.

25. For provost serjeant, garrison acting provost serjeant, or regimental provost serjeant, no allowances of fuel and light will be specially drawn unless a War Office authority for their appointment be quoted in the column of remarks.

26. Fuel for warming prisoners' cells will be issued during the months of April, May, September and October in only half the quantity which may have been authorized for the winter months, and none will be issued during the months of June, July and August, unless specially sanctioned. The number of prisoners for whom fuel for cooking is required will be shown on the weekly fuel return.

27. The above rule limiting the issues in intermediate months to one-half of those sanctioned for the winter, applies to all allowances of fuel specially authorized for warming.

28. In accordance with W. O. Circulars Nos. 391 and 968, military, Royal Engineer and Control offices will be supplied with fuel, &c. by the Controller; but in no case will

## ARMY CIRCULARS—continued.

issues be made from the coal-yards or stores when the offices are outside the precincts of a barrack. When offices out of barracks are within reach of the contractors, they will be supplied (if the supply in kind be authorized) by the contractors direct, on the Controller's orders; but when the distance is too great the commuted allowance in lieu will be drawn.

29. Issues to survey offices, or to survey parties accommodated in barracks or buildings in a Controller's charge, will be reported in quarterly statements, showing the quantities issued and the value, in order that the amount may be charged to the vote for surveys taken in the annual estimates.

30. Coal, &c. for Royal Engineer workshops will be purchased in the same manner as other supplies provided for in the Royal Engineer vote; but if at any time coal, &c. should be supplied by a Controller, the issues and the value should be reported, in order that the amount may be made chargeable to the proper vote.

31. It is intended for the future to charge the value of fuel used in Military Store Buildings (other than offices or residences) to the vote for Control services; and in this event any fuel issued by a Controller for Military Storehouses will also be reported quarterly, with the value of the issues, in order that the requisite transfer may be made to the debit of the vote concerned.

32. Fuel for hospital wards may be issued from June to August, on the certificate of the medical officer that the same is indispensably necessary. The charge for any fuel supplied to hospitals will be governed by W. O. Circular 811, and issues to the Militia, with the value thereof, will continue to be reported by Controllers as at present.

33. Issues of fuel and light to military prisons are chargeable to the vote for Control services, and will be made by Controllers on the quarterly demands of the governors.

*Light.*

34. Stearine candles will be issued to commissioned officers, first class schoolmasters, officers, orderly-rooms and surgeries; dip candles to all other ranks and offices.

35. Gas, when laid on to barracks and military buildings, will be supplied under the rules laid down in W. O. Circular 573, and Clause 47, Army Circulars 1869.

36. When regimental recreation-rooms are supplied with gas, the maximum quantity may be at the rate of five cubic feet of gas per hour for each 1,000 cubic feet of content of room.

37. Gas for such rooms may be kept turned on after tattoo, when kept open under paragraph 1080 of Queen's Regulations, on requisition of the commanding officer.

38. When moderator lamps are used the maximum number supplied will be one for each 1,000 cubic feet of content of room. The allowance of oil not to exceed two ounces per hour per moderator lamp during the hours that the rooms are kept open after dusk.

39. Candles for tailors' shops will be issued only on the certificate of the officer commanding, that they are required for making up the annual clothing, and when, on account of the number of recruits joining, similar issues to Depot Battalions are found necessary, special applications must be made through the Controller.

40. When gas is laid on to tailors' shops the troops will be charged for the quantity consumed, less the value of the candles that would have been issued had there been no gas.

41. Candles during winter months, for offices or infant schools, are only to be issued on the commanding officer's certificate affixed to the monthly fuel return, that the issue is absolutely necessary.

42. Gas, as a rule, is not laid on to officers' quarters; but when rooms supplied with gas are appropriated as quarters, officers will be charged for the gas consumed, but they will be permitted to draw the commuted allowance for candles allowed for their rank, viz., 1s. a-week per room—W. O. F. 1870.

43. The rates of commuted allowance for fuel and light will remain unchanged for the present.

44. All applications for new or increased allowances of fuel or light, or reports of issues not sanctioned by regulations, will be made in accordance with the annexed form, and be accompanied by any observations which the general or commanding officer may desire to offer, which the Control officer will at once forward, for the consideration of the Secretary of State, with any remarks of his own upon the subject. When boards of officers are assembled, the evidence taken by them and their findings, should also accompany the application.

45. W. O. Circulars 688, 796, 818 and 851; also Army Circulars, 1867, Clause 34, and 1868, Clause 51, are cancelled; together with W. O. Circular 767, except as relates to straw and brooms; 846, the last eight paragraphs on page 8; and 873, except last two paragraphs relating to blankets.

**INTERCHANGEABLE RIFLES AND CARBINES AND LANCES.**

2. In consequence of the introduction into the Service of arms made upon the interchangeable principle, the pay of armourer serjeants for the examination, repair and marking of arms has been raised to a uniform rate of 5s. 2d. a-day for seven days in the week, exclusive of beer money, which they will continue to receive.

3. To enable the armourer to perform the service of browning the arms as part of his regular duty, he will be granted the assistance allowed by regulation for the purpose from the regiment; the men employed under his direction being allowed the usual working pay of 9d. per diem to each man.

4. The payments heretofore allowed for the repair of arms, and for browning the barrels will be discontinued in the case of regiments or corps provided with armourer serjeants in receipt of the increased rate of pay; and no charge will in future be made against the soldier for the browning rendered necessary by fair wear.

5. The sum of 1s. a year for each rank and file rifle, or for each lance, will be deducted from the contingent allowance granted to captains of troops and companies, and credited to the public in aid of the expense incurred in maintaining the arms in repair.

**NON-INTERCHANGEABLE LANCASTER CARBINES.**

10. The engraving of the letters and figures on bugles, trumpets, brass side drums,

**ARMY CIRCULARS—continued.**

flutes and piccolos, will in future be performed without charge by the armourer serjeants. In the Royal Engineers, or when the services of an armourer serjeant on the increased pay are not available, a charge of 3d. will be allowed for marking each bugle, trumpet and drum, and a charge of ½d. per letter or figure for engraving flutes and piccolos, which will be marked on the ivory top of each, in consecutive numbers, from one up to the number in possession, and also with the number of the regiment, battalion, or corps, thus  $\frac{5 \text{ DB}}{5}$ ,  $\frac{51 \text{ R}}{9}$ .

**Repair.**

11. Accoutrements will be repaired in batteries of Garrison Brigades, Royal Artillery, in companies of Royal Engineers, in regiments of Infantry and other dismounted corps, by the regimental shoemaker, or such other person as may be named by the commanding officer. For this service the sum of 10s. per company or battery will be allowed yearly to each commanding officer, the waxed thread and tools being provided out of this allowance, and all other materials being found by the public, on requisition being made on the Control Department. The repair of the metal work will be part of the ordinary duty of the armourer serjeant, as already notified to the service.

12. In the Cavalry, Horse Brigades, Riding Establishment, and Field Brigades of the Royal Artillery, in the Royal Engineer Train, and Army Service Corps (Transport Branch), these repairs will be performed by the artificers of the corps free of charge, available tools being always in possession, and materials being supplied by the public.

13. The charge of ½s. per quarter hitherto allowed to one farrier per troop in regiments of Cavalry, for the repair of collar chains, will not in future be granted.

**ORDNANCE PROJECTILES, CARRIAGES, &c.****Marking.**

14. In addition to the rates of working pay for painting and cleaning ordnance, &c. as notified in Clause 81, Army Circulars, 1868, one half-penny per dozen letters or figures will be allowed for lettering and numbering guns, carriages, piles of projectiles, &c., but should such lettering be performed by means of stencil plates no such allowance will be sanctioned.

15. Care will be taken that only one gun, one carriage, one platform, and one pile of shot or shell in each battery, be marked, numbered, or lettered.

**Repair.**

16. All repairs and painting to guns, carriages, wagons, harness, saddlery, camp equipment and all stores, that can be performed by regimental artificers, will be executed free of charge by the armourers, collar makers, saddlers, saddle-tree makers, smiths, wheelers and others, under the superintendence of commanding officers.

17. Clause 13, Army Circular 1869, is hereby cancelled.

**CL. 73.—Allowance for collecting Cartridges.**

The following Regulations are substituted for those contained in Clause 66, Army Circulars, 1st October, 1867, and Clause 109, Army Circulars, 1st September, 1869, which are hereby cancelled:—

1. An allowance of 2s. 6d. per 1,000, equal in weight to 23 lb. 7 ozs. for rifle cartridges, and 8 lb. 8 ozs. for pistol cartridges, will be granted to regiments and corps, and also to seamen and marines, for collecting, preserving and delivering into military store the cases of Boxer ball rifle and pistol cartridges, the allowance to be expended as directed in G.O. 52 of 1870.

2. Regiments and corps will be held responsible that at least 90 per cent. of the cases of cartridges issued annually for practice are delivered into store.

3. The vouchers accompanying the delivery of the empty cases into store will show the weight only, and on the weight payment will be made.

4. The cases generally are expected to be in good condition when returned, but they will be received into store whether perfect or imperfect; care should be taken, however, that grit and dirt are removed as far as possible beforehand.

5. Controllers will arrange for payment of the allowance on the delivery of the cases; they will see that the proper weight is returned, and call attention to any undue proportion which may be given in a damaged condition.

6. They will also arrange for the transmission of the cases received to the Controller, Royal Arsenal, Woolwich.

7. No allowance will be made for blank cartridge cases.

## ARMY CIRCULARS—continued.

**CL. 74.—Mode of recovering Sums realized by the Sale of Stores, Payment for Stores Lost or Destroyed, Damages to Stores, Washing Sheets, &c., &c.*****1. Unserviceable Stores forming part of the Reserve.***

1. When authority is given for a sale, the Controller will apprise the Control Paymaster, in order that the latter may promptly recover the proceeds of the sale.
2. When an auctioneer is employed to sell stores, the officer in charge of the stores will (in conjunction with the auctioneer, if necessary,) prepare an inventory or catalogue of the stores to be sold.
3. On the completion of the sale the auctioneer will note on the catalogue or inventory the amount realized by the sale, less his commission, and will return it to the store officer as the issue voucher for his accounts, signing it in evidence of his having sold the stores.
4. The auctioneer will recover the amounts due from purchasers, and will, after deducting his commission, pay over the residue to the Control Paymaster, who will credit the amount to the Exchequer. A duplicate of the receipt given to the auctioneer will form the credit voucher in the Control Paymaster's account.
5. At Woolwich Arsenal, Weedon and the Tower, the amounts due by purchasers will be recovered by the Control Paymaster.
6. All incidental expenses connected with sales (excepting the auctioneer's commission), such as for taking account of remains, lotting stores for sale, advertising, posting bills and similar expenses, will be borne by Army Votes, and no deduction whatever on account thereof will be made from the amount realized and brought to credit.
7. No stores are to be delivered to purchasers without the production of a certificate from the auctioneer or Control Paymaster that the articles have been paid for.

***Sale of Miscellaneous Stores condemned upon Survey and sold in the presence of the Board.***

8. The Commissary in charge will select a subordinate to act as salesman, and the proceeds of the sale will be received on the spot by the President of the Board, whose duty it will be to pay the amount over at once to the Control Paymaster, handing him at the same time the sale account as the voucher for the credit. The Board should note the amount realized in the survey report, which will form the voucher to the store account. The Controller must certify as to the necessity for expenses in labour, bill posting, &c., on separate vouchers, the amount of which should be paid by the Control Paymaster and not be deducted from the proceeds of the sale.

***Credits of the Value of Stores Lost and Destroyed by the Troops.***

9. The stores in use by the troops will be inspected quarterly by a Commissary, who will make out his inspection report in triplicate, and separately for staff, departments, and for each corps. The original will be attached to the issue voucher of the account whereon the articles are struck off charge as paid for; the duplicate will be sent to the officer commanding the corps, staff, or department concerned, with a request that the amount may be at once paid to the Control Paymaster, and the triplicate will be sent to the Control Paymaster, who will take the necessary steps to recover and credit the same in his accounts.

***Credits of the Cost of Repair or Renewal of Stores damaged by the Troops.***

10. The commissary will make out his inspection reports as directed in paragraph 9. The original he will attach to the voucher in which the cost of repairs is charged. The duplicate and triplicate will be sent as directed in paragraph 9.

***Credits of the Cost of Repairs to Buildings damaged by the Troops.***

11. The quarterly inspection report will be made out in triplicate by the commanding Royal Engineer. The original will be attached to the voucher in which the repairs are charged. The duplicate will be sent to the officer commanding the corps, department, or staff concerned, with a request that the amount may be at once paid to the Control Paymaster; and the triplicate to the Control Paymaster, who will take the necessary steps to recover the amounts, and bring them to credit.
12. The only exception to paragraphs 9, 10, and 11, will be in the marching-out inspections of regiments leaving the station. In such case the damages will be credited in the regimental paymaster's accounts, and the triplicate report will be sent direct to the chief auditor through district Controller.
13. Charges for repair of damage to stores or buildings must never be included in the same vouchers with charges for fair wear repairs.

**ARMY CIRCULARS—continued.**

14. When there may be more than one bill for the repairs to either stores or buildings, the report will be attached to the first bill paid and quoted on any subsequent payment.

*Payments by the Troops for Washing Sheets.*

15. The statements in W. O. Form 1392 will be made out and completed in triplicate. The original will be sent to the officer commanding each regiment, &c., in order that the amount may be paid to the Control Paymaster. The duplicate will be attached to the contractor's account, and the triplicate will be sent to the Control Paymaster, who will take the necessary steps to recover the amounts due.

16. Clause 29, Army Circulars 1870, is hereby cancelled.

**CL. 75.—Claims for Engineer Services chargeable to the Works Vote.**

1. All claims abroad, and claims of £100 and under that amount at home, will be paid locally by the Control Paymasters, and be included by them in their monthly accounts; they will pay on the order of the Commanding Royal Engineer, who will be responsible for the accuracy of the claims in every respect; and it will not be necessary for the paymaster to verify the computations or rates, nor to be furnished with the schedule of rates. The paymaster, however, will not pay any claims that have erasures or alterations on them, unless the Commanding Royal Engineer duly certifies to the correctness of the alterations, and the Commanding Royal Engineer will, in all cases, define in words the amount to be paid by the paymaster.

2. Military Working Pay Lists will be dealt with as claims under £100.

3. The Commanding Royal Engineer will furnish the Control Paymaster monthly, through the Controller of the district, with an estimate of the probable sum required to be paid locally for engineer services during the ensuing month.

4. All claims at home exceeding £100 in amount (except Military Working Pay Lists) will be sent by the Commanding Royal Engineer to the director of works.

5. Claims for incidentals will be prepared in the following manner:—The requisitions (W. O. Forms Nos. 1485 and 1486, as revised), will be abstracted on a separate bill form (W. O. Form No. 1523), and the aggregate amount will be expressed in words at length. The requisitions will be numbered consecutively, and the total amount due to a contractor for work or materials included in each requisition will form one item in the claim, and be numbered to correspond with the requisition.

6. The Control Paymaster will pay these claims, when amounting to £100 and under, on the order of the commanding Royal Engineer. The details will accompany the claim, and be transmitted, by him with his accounts.

7. When the work performed on a requisition entails payment to more than one contractor, the requisitions will be annexed to the claim first put forward; the number of the requisition, and a reference to the claim with which it was forwarded, will be inserted in any bills for other contractors on account of the same work.

**REGIMENTAL CORRESPONDENCE ON CONTROL SUBJECTS.****CL. 76.**

1. Officers commanding corps and regimental paymasters are informed that all communications on subjects connected with control services, should be addressed to the Controller at the station. The Controller will, when necessary, forward such communications, together with his report, for the decision of the Secretary of State for War, which will be communicated through the Controller.

2. The authority of the Controller will be sufficient to the paymaster for any charge in the regimental pay list on account of the above services.

**TOOLS FOR ARMOURER SERJEANTS.****CL. 77.**

1. Advertising to Clause 138, Army Circulars, 1869, the following are the tools that will be supplied to regiments of Cavalry for the use of armourer serjeants in repairing the iron and metal work of accoutrements, saddlery, and appointments.

2. The tools will for convenience be carried in Dodd's Forge, but in other respects will have no connection with it, either as regards the service for which they are supplied, or the manner in which they are to be maintained. They will be accounted for as all other regimental equipments, and will be replaced as required on becoming unserviceable.

3. On receipt of this order commanding officers will put forward requisitions in duplicate for the tools on the local controllers, who will forward the same to the Controller, Royal Arsenal, for supply.

## PETTMAN'S FUZES.

CL 78.

(Issued as a Special Army Circular on 9th May, 1870.)

1. Control officers will demand from the Controller, Royal Arsenal, Woolwich, the required number of Pettman's Land Service Fuzes in waterproof bags (see paragraph 1676, List of Changes), according to the amended proportions; returning all those now on charge not in waterproof bags. The fuzes in charge of the Royal Artillery will be similarly returned to the Control Department. Fuzes on charge which have been received from Woolwich already packed in waterproof bags need not be exchanged.

2. Control officers will also take steps to exchange all Pettman General Service Fuzes which have been protected from damp by luting the head (as laid down, para. 1612, 1719, List of Changes), except those which have been so luted at Woolwich. Fuzes which have been luted at Woolwich may be known as follows:—The fuzes have a label on the head, the whole of the lettering, with the date and number of thousand, being printed†—

\* As these articles are identical with those already in Dodd's Forge, they will be marked before issue thus \*.

† The number of thousand and date of course vary. Any label with the letters R L upon it which has not the number of thousand and date printed, is to be understood as indicating that the fuze has not been luted at Woolwich, and that it should be returned.

**ARMY CIRCULARS—continued.**

Fuzes which are not marked in the above manner, or about which there is any doubt on account of obliteration or otherwise, should be regarded as "doubtful," viewed with suspicion, and withdrawn for exchange in the same way as land service fuzes in paragraph 1.

The same rules apply to fuzes in charge of the Royal Artillery.

3. Control officers will take steps to obtain from Woolwich the necessary supplies of protected Pettman General Service Fuzes to complete the regulation proportions; and they will return to Woolwich all unprotected fuzes on charge. The same rule will apply to all such fuzes in charge of the Royal Artillery.

4. The instructions contained in Clause 16, Army Circulars, 1870, are hereby cancelled.

**CONTROL DEPARTMENT.****CL. 79.—Instructions for Conducting Barrack Duties under the Control System.**

1. The following instructions, to take effect from the 1st July, 1870, are substituted for those contained in Clause 47, Army Circulars, 1869, which is hereby cancelled. Clauses 100, 148 and 149, Army Circulars, 1869, are likewise cancelled.

2. Anything not provided for in these instructions will be governed by existing regulations, modified as far as may be necessary to bring them into harmony with the Control system.

3. In the following instructions, "Controller" will be held to signify the officer at the head of the Department of Control or the officer acting for him; and "Officer of the Control Department," a commissary or subordinate of the Sub-Department of Supply.

*Charge of Buildings.*

4. The duty of assigning the requisite accommodation to the troops, will rest with the Control Department.

5. The Controller will be responsible to the Secretary of State, under the general officer commanding, that no misappropriation of the rooms, or of the stores in them, occurs, and that no unnecessary issue of lodging money is permitted.

6. The responsibility for the maintenance of the fabric of the buildings, for their repair and for any structural alterations, will rest with the commanding Royal Engineer. Requisitions for repairs will be made direct on the Royal Engineer Department, by the troops or others in occupation.

7. Previous to the occupation of a barrack by troops, the time when the troops will arrive, and the strength for which accommodation is required, will be notified by the general or other officer commanding to the Controller and to the commanding Royal Engineer.

8. The Controller will detail a commissary to attend the "marching in," to assign the regulated barrack accommodation, and to give over, on inventory, the regulated barrack furniture, utensils and bedding.

9. When barracks and quarters are assigned by the Control Department for occupation, the commanding Royal Engineer will detail an officer or subordinate of the Royal Engineer Department to attend the "marching in," to verify the state of the buildings and fixtures. At small stations where there is no resident member of the Royal Engineer Department, it will be the duty of the Control officer assigning the quarters to verify the correctness of any complaint made by the troops as to the state of the building or fixtures, and to report it at once to the Royal Engineer Department.

10. When a barrack is partly occupied, the unoccupied, as well as the occupied portions of the buildings, together with such portion of the heavy barrack furniture, consisting of bedsteads, coal boxes, tables, forms, as may be necessarily left in the barracks, will be placed in charge of the officer commanding the troops for security, but not for re-distribution or re-appropriation, in accordance with Articles 927 and 940 of the Queen's Regulations and Orders for the Army.

11. When a barrack is partly occupied, and additional troops are to be quartered therein, notice will be given to the Controller, and to the commanding Royal Engineer, when the necessary barrack accommodation and stores will be handed over to the incoming troops, as provided for in paragraphs 8 and 9. If the troops belong to the same regiment or corps as that already occupying the barrack, the entire charge will still remain with the senior regimental officer in the barrack; but should they be of a different corps, each corps will be responsible for the premises and stores in its possession.

12. Unoccupied barracks and quarters when not dismantled of furniture and stores will be in charge of the Control Department.

13. Barracks, quarters, &c., when dismantled of furniture and stores, will be in charge of the Royal Engineer Department.

**ARMY CIRCULARS—continued.**

*Repair of Barracks and Barrack Stores.*

14. The officer commanding the troops occupying the barracks, or an officer (not under the rank of Captain) deputed by him, will inspect the whole of the premises, and stores, in charge of the troops, monthly, and will note any repairs that may appear to him to be required, whether rendered requisite by fair wear, or damage by the troops. This inspection will, however, be unnecessary in any month in which the quarterly inspection is made.

15. Repairs of damages to buildings or stores (chargeable to the troops) may be effected by them at their own expense, without the intervention of the commanding Royal Engineer or the Controller. A monthly return of the repairs so made will, however, be made by the officer commanding the troops in occupation to the commanding Royal Engineer in the case of repair to buildings, and to the Controller in the case of stores, and such repairs will be subject to the approval of those officers respectively on their quarterly, or other, inspection.

16. The officer commanding the troops occupying the barrack, will, immediately after the monthly inspection, send requisitions in writing to the commanding Royal Engineer, for such repairs to the buildings as may have been found necessary at the inspection, unless made as provided for in paragraph 15.

17. Requisitions will be similarly sent in direct to the Commissary for any stores which it may have been found necessary to repair or replace, unless made as provided for in paragraph 15.

18. The repairs to buildings, and the repairs to or replacements of stores, required from fair wear, will be shown on separate requisitions from those required from damage by the troops.

19. No intermediate requisition for repairs to buildings, or for repairs to or replacement of stores, will be allowed, except for most urgent services; but should one be necessary, care must be taken that it is sent in upon the proper form for buildings, or for stores, and for fair wear, or for damage, as the case may require.

20. The commanding Royal Engineer will be responsible that damages by the troops to buildings are not made good at the public expense, and he will notify to the officer commanding, and certify on the account for the repairs (for the guidance of the Chief Auditor), the amount to be credited in the regimental accounts.

21. The whole of the premises will be inspected quarterly by an officer of the Royal Engineer Department, accompanied as laid down by Article 948 of the Queen's Orders and Regulations for the Army. All necessary repairs and replacements to buildings, as noted by him, will be made good. The cost of damages will be recovered as stated in paragraph 29.

22. The stores will be similarly inspected by a Commissary. The cost of damages to be recovered as provided for in paragraph 29.

23. The commanding Royal Engineer will have executed, by means of the troops, when practicable, such of the services included in the requisitions as may be found necessary upon inspection by the Royal Engineer Department.

24. Should it appear to the commanding Royal Engineer on inspection, that any repairs have been included in the fair wear requisitions, which should be made good as damages by the troops, he will bring the matter under the notice of the officer commanding the corps concerned, and adjust the requisition with him, if possible. When it cannot be so adjusted, the commanding Royal Engineer will immediately refer the case to the general officer commanding, whose decision will be final. In the event of the general officer commanding disallowing an assessment for repairs to a building made against the troops by the commanding Royal Engineer, the correspondence will be immediately submitted by the latter through the general officer commanding for the information of the Secretary of State for War.

25. The troops will, by order entered in the regimental or corps order book, bring the stores which they require to be repaired or replaced to the stores of the Control Department, and will receive there and take away what is necessary, whenever the service requires that they should do so.

26. The Controller will arrange for the repair of stores; which will be done by means of the troops, whenever practicable.

27. Commissaries will be responsible to the Controller that stores are not issued in excess of regulation; and that any stores damaged by the troops, or not forthcoming at inspections, are replaced at the cost of the troops, in accordance with the Queen's Orders and Regulations for the Army.

28. In case of any difference of opinion between the Commissary and the troops as to whether the necessity for repairs to or replacement of stores has arisen from damage done by the troops, or from fair wear and tear, the Controller will, if he cannot himself

**ARMY CIRCULARS—continued.**

settle the case with the troops, immediately refer it to the general officer commanding, whose decision will be acted upon. But in the event of the general officer commanding disallowing an assessment made against the troops by the Controller, the correspondence will be immediately submitted for the information of the Secretary of State for War.

29. Amounts due by the troops for damage to buildings or stores will be credited as directed in Clause 74, Army Circulars, 1870.

30. The necessary notice will be given to the Controller and to the commanding Royal Engineer when a barrack is to be vacated, and of the probable duration of its vacancy.

31. When a barrack is to be vacated, an officer or subordinate of the Royal Engineer Department, will attend the "marching out," to assess the damages, if any, chargeable against the troops, the cost of which will be recovered as provided for in paragraph 29.

32. At small stations where there is no resident member of the Royal Engineer Department, the Commissary or subordinate of the Control Department taking over the stores will verify the state of the building and report to the commanding Royal Engineer the nature of the damage to be charged against the troops.

33. The stores will be similarly inspected by a commissary or subordinate of the Control Department, who will assess the damages, if any, due by the troops, which will be credited as provided for in paragraph 29.

34. Officers on the part of the troops will be detailed for each inspection referred to in paragraphs 31, 32, 33, and will give notice of appeal at the time against any charge for loss or damage which he may not think just to the troops. In the event of such an appeal, the course laid down by paragraphs 34 and 38 will be followed.

35. On barracks being vacated, should an officer of an in-coming regiment be present to take over stores, the stores given over in good condition by the out-going corps need not be returned into the control stores, but may at once be transferred to the in-coming corps.

*Appropriation of Quarters.*

36. Occupation returns of barracks will in future be prepared quarterly, by the Controller, on revised W.O. Form No. 1345. The returns will be transmitted to the Secretary of State for War; and at home stations duplicates will be sent to the Quarter Master General, Horse Guards.

37. At home stations any decrease or increase, between the dates of the returns, in the number of troops occupying a barrack, will, when such decrease or increase amounts to a company or upwards, be specially reported at the time by the Controller to the Quarter Master General, for the information of His Royal Highness the Field Marshal Commanding in Chief.

38. Heads of departments, officers commanding regiments and detachments, will furnish the Controller with a monthly occupation return upon W.O. Forms 1345, 1346, which will be retained by the Control Department, but will be at all times accessible to the commanding Royal Engineers.

39. The Controller will be held responsible for bringing to the notice of the general officer commanding any irregular occupation of or alteration in barrack buildings which may come to his knowledge; he will also recommend the steps to be taken. The general officer commanding will at once take the necessary steps to cause the irregularity to cease. In the event of the general officer commanding differing from the recommendations submitted to him, the correspondence will immediately be submitted to the Secretary of State for War.

40. It will be the duty of officers commanding troops in barracks, of the Controller, and of the commanding Royal Engineer, to bring under the notice of the general officer commanding any re-appropriation which, in their opinion, would lead to economy and to the advantage of the service. Should the general officer commanding consider any proposed re-appropriation as desirable and advantageous to the service, he will cause it to be reported upon, as directed in Clause 41 or 42 according to the importance of the re-appropriation and the expense involved.

41. Proposed re-appropriations or re-distributions of barracks or other buildings of an extensive nature will be referred to a board consisting of a Staff officer or regimental field officer, an officer of the Royal Engineers and a Commissary. An estimate of the expense involved, prepared by the commanding Royal Engineer, will be laid before the board, and its proceedings, after submission to the general officer commanding, will be forwarded by the Controller for the consideration and decision of the Secretary of State.

42. Re-appropriations of a minor character will not be submitted to a board, but will be reported by the Controller for the approval of the Secretary of State for War, accor-

**ARMY CIRCULARS—continued.**

panied by the commanding Royal Engineer's estimate of the expense. Should there be no expense involved under any head by the proposed re-appropriation, the fact should be stated in the report.

43. Applications for quarters will be sent direct to the Control Department, which will assign them, when available, in conformity with the regulations.

44. Claims for lodging allowance will be sent in duplicate direct to the Control Department by officers commanding corps, and others, at the regulated periods; when certified by a Commissary they will be paid by the Control Paymaster or by the regimental Paymaster in the case of regimental claims.

**Charge and Supply of Fuel and Light.**

45. The charge and supply of fuel and light will devolve on the Control Department, and will be accounted for in the same manner as other supplies.

46. The regulated issues of fuel and light will be made to troops in barracks by the Commissary or other person in charge, on requisitions, signed, as at present, by the officer commanding the troops requiring the issue.

47. The troops will, if necessary, attend at the stores of the Control Department to obtain the weekly supply of candles or oil.

48. When gas is supplied, the supervision of its use will rest with the officer commanding the troops in barracks and with the Control Department.

49. The meters will be examined and noted by a Commissary or subordinate of the Control Department monthly at large stations, and quarterly at minor stations, and when troops enter or leave a barrack any excessive consumption of gas will be brought to the attention of the general officer commanding, with a recommendation upon the case.

50. The general officer commanding will call on the officer commanding for any explanation which he may think fit regarding the excess, and will refer this explanation to the Controller, for his opinion whether the cost of the excess should fall on the public.

51. In any case in which the Controller, after due explanation, is of opinion that the public should not be charged with the cost of such excess, and the general officer commanding dissents from such opinion, the decision of the general officer commanding will be acted upon. The correspondence will immediately be submitted for the information of the Secretary of State for War.

52. Annual returns, showing the consumption and cost of gas in each barrack as compared with the occupation, will be transmitted by the Controller for the information of the Secretary of State for War.

**Paillassé Straw.**

53. The officers of the Control Department will arrange for the due supply of paillassé straw.

**Hire and Letting of Buildings, or other Premises.**

54. The principles laid down for the accommodation of troops in, and for the care of unoccupied barracks, will also apply in the cases of hired buildings, official residences and offices.

55. No building or land shall be hired for any purpose without the authority of the Secretary of State for War, except at foreign stations, when circumstances do not admit of the delay of a reference to England and in cases of extraordinary emergency at home.

56. When buildings or other premises are required to be hired for the use of the troops, the Controller will report to the general officer commanding the arrangements he would propose; with a clear statement of the necessity for the hiring, the expense involved for rent, and of the time for which it must be continued. This report will be referred by the general officer commanding to the commanding Royal Engineer, to state on it whether the building proposed to be hired is suitable for the service; whether the service could not be met more economically by the erection of temporary buildings, or by resuming possession of any land or building let by the War Department, or by any other means.

57. The commanding Royal Engineer will in every instance furnish an estimate of the expense of any alterations or fittings required.

58. The report, with the remarks or orders of the general officer commanding, will then be returned to the Controller, who will transmit it to the Secretary of State for War. Should the Secretary of State approve the hiring (or the general officer commanding in cases where reference cannot first be made to the Secretary of State for War, see paragraph 55), the Controller will effect the same, resorting, if possible, to competition.

*Water Supply and Machinery.*

64. The construction and maintenance of wells, pumps, reservoirs and other works for the supply of water, will be provided for by, and be in charge of, the commanding Royal Engineer, assisted at home stations by the superintendent of machinery, who will make periodical inspections, and have the general supervision of the machinery portion of the plant.

65. The construction and maintenance, as well as the working of all fixed machinery and engines, whether worked by steam or other power, in barracks, hospitals and Control buildings, will be provided for by, and be in the charge of, the commanding Royal Engineer, and under the supervision of the director of works, assisted by the superintendent of machinery.

66. The commanding Royal Engineer will provide in the works vote for the pay or working-pay of the engineers, stokers and other subordinates required to work the machinery, and for all necessary stores, coals alone excepted. The commanding Royal Engineer will furnish the Controller annually at the proper time with an estimate of the quantity of coal, coke, &c. required to work the machinery under his charge, and he will draw by requisition such coal as he may from time to time require from the Controller.

67. The commanding Royal Engineer will be responsible that the printed instructions for the working of machinery issued with the Army Circular of June, 1869, are strictly carried out; and in all cases where the engine is supplying motive power for Control purposes, as in laundries, &c., the commanding Royal Engineer will, in concert with the Controller, draw up such regulations for the subordinate at each station as the circumstances of the case may render necessary.

80. When riding-houses are jointly used by Cavalry and Artillery, special application will be made to the Under Secretary of State for War for their periodical repair.

81. The materials for the repair of floors of riding-houses, provided by riding masters, will be approved both as to quality and quantity by the commanding Royal Engineer before they are laid down. The floor will also be inspected by an officer of the Royal Engineer Department after the sawdust and tan have been laid down, with a view to ascertain whether the entire service has been satisfactorily performed. Notice in writing will be given for this purpose by the riding master to the commanding Royal Engineer. Whenever a riding-house is used by a detachment of a Cavalry regiment, the riding master will be held responsible for laying down a proportion of the materials which he is bound to provide in the detachment riding-house.

82. A half-yearly report of these repairs will be made by the Commanding Royal Engineer to the Under Secretary of State for War on the 1st January and 1st July in each year.

6. He will correspond direct with officers upon the subject of their demands.

## ARMY CIRCULARS—continued.

*Clothing.*

7. Requisitions for clothing and necessaries, claims for compensation, and correspondence upon questions relating to clothing will, in future, be addressed to the Director of Clothing, Royal Army Clothing Depot, Grosvenor Road, S.W., London; the correspondence being carried on in duplicate as prescribed by the clothing warrant.

9. Requisitions for clothing required by the Control Department, and correspondence respecting the receipt and disposal of obsolete and worn clothing returned into store will be transmitted by district Controllers.

10. In the event of any serious delay in supplying the articles, commanding officers will represent the same to the general officer commanding the district, who will forward the representation to the Field Marshal Commanding in Chief.

**Cl. 81.—Barrack Stores in Forts and Batteries.**

Much inconvenience having been experienced in dealing with demands from officers commanding Royal Artillery districts for articles not included in the proportions for garrison guns laid down in the Regulations, which accompanied the Army Circular dated 1st December, 1869, the following directions are issued:—

1. The store accounts of Royal Artillery districts will be confined to the articles enumerated in the Regulations above alluded to, with the exception of artificers' tools which will be accounted for as at present.

2. Those articles which form no part of the equipment of guns are to be removed from the Regulations alluded to, and provided as laid down in paragraphs 8, 9 and 10.

3. On receipt of this order, officers commanding Royal Artillery districts will at once prepare delivery and receipt vouchers, showing the miscellaneous articles (those not excepted) in their charge, specifying in each voucher the name of the fort or battery in which they are stored.

4. These documents will be passed to the District Controller, who will order articles to be brought on charge by the Commissary in barrack charge of the locality in which the fort or battery is located.

5. It is not necessary that the stores themselves should be transferred to the Commissary, but they should be held on inventory as barrack stores and dealt with as the Barrack Regulations.

6. A separate return of the stores so appropriated in each master gunner's district will be prepared for the District Controller, who will, in conjunction with the officer commanding the Royal Artillery, arrange for reducing the quantities of the articles transferred according to the locality, and according to the quantity of similar articles already in charge of the Royal Artillery as barrack stores.

7. The approval of the general officer commanding will be obtained to the proposed reduced proportions, which will include the whole of the stores similar to those transferred, and a copy of the approved return will be sent to the Controller, Royal Artillery, for the information of the Controller-in-Chief.

8. The foregoing order includes brooms, brushes, hoes, scythes, spades, shovels, pickaxes and other like stores.

9. Materials for repair, articles for cleaning and lubricating purposes, paint, and stores and boats with their stores, will be demanded from, and locally accounted for by, the District Controller.

10. A copy of such local account, with the vouchers in support thereof, will be rendered by the District Controller to the chief auditor with the store ledger of the station.

**Cl. 82.—Stores returned as Unserviceable.**

1. Officers of the Control Department will be guided by the following rules in bringing to account all stores returned to the Control Department in an unserviceable state.

2. The officer delivering the articles into store will take care that the delivery vouchers are correctly made out on the proper forms and duly signed; that the stores are described thereon in accordance with the nomenclature in the established vocabulary; and that the total number, quantity, weight or measure of each article delivered are shown in the quantity column, without reference to the state.

3. The officer receiving the articles into store, after satisfying himself as to the accuracy of the above, will sign and give to the officer who returns the stores, a receipt.

\* A copy of the form of return is given in the Appendix printed in the copies of Army Circulars supplied from the War Office.

## ARMY CIRCULARS—continued.

voucher, which will show the articles as they stand in the books of the officer who returns the stores, such as serviceable, repairable or unserviceable, provided the total quantities are correctly handed over.

4. The officer who receives the stores, assisted by his artificers and others, will cause the stores to be arranged on receipt, according to the state in which they are, and he will bring on charge the serviceable and repairable articles as such.

5. With regard to the unserviceable articles, which should be dealt with at the same time, it is necessary that the Commissary should have the certificate of an officer of the Control Department to the effect that the stores have been inspected by him and are unserviceable. The articles are then to be so classed, and the certificate referred to above placed at the foot of the delivery voucher.

6. In the absence of such officer at an out-station, the Controller under whose orders the Commissary may be will apply to the officer commanding the troops to detail a regimental officer to give such certificate.

7. When the Controller may deem it desirable that any of the condemned stores should be at once broken up, the produce will be detailed at the end of the voucher. When the stores have been converted, a note of the produce, viz., old iron, wood, copper, leather, &c., will be made against the several articles.

8. When stores are broken up they will be crossed through with a pen in the unserviceable column, and described at the foot of the delivery voucher as the produce received from the articles broken up, such as iron, wood, copper, brass, leather or whatever such produce may be.

9. To order to maintain an effectual check in respect to metals or substances of value, the aggregate weight of each class of articles, such as copper coal scuttles, copper ladles, &c. &c., as well as the number, will be given.

10. A certificate signed by the officer or officers who surveyed the stores will be appended to the voucher, and will be countersigned by the Controller, stating that the unserviceable articles have been condemned and converted, as shown at the foot of the voucher, and that the old iron, wood, copper, leather, &c. are the whole of the produce of such stores, and will be the authority for bringing the produce as well as the other stores to account.

## Cl. 83.—Embarkation of Stores.

The Secretary of State for War has decided, in concurrence with the Lords Commissioners of the Admiralty, that War Department stores are not to be embarked in Her Majesty's vessels for conveyance until the officer of the War Department in charge of the stores has satisfied himself by *personal inspection* that a suitable place can be appropriated on board for them, where they will not be liable to be damaged. He should also give a written statement to the commanding officer of the ship that he is satisfied with the position which has been assigned to them.

## Cl. 84.—Appropriation of Orderly Room for Attached Depôts.

A small separate room may be appropriated as an orderly room whenever a depôt (or depôts) of a regiment on foreign service is attached to a regiment at home.

## Cl. 85.—Controllers not to be on Boards of Survey, &amp;c.

1. It being the duty of controllers to report on the proceedings of boards, &c., relating to control services, to officers commanding and to the Secretary of State for War, they will not, unless under exceptional circumstances, be appointed members of boards of survey or courts of enquiry.

2. When the services of an officer of the Control Department shall be required for such services, a commissary or control paymaster should be nominated, according to the nature of the enquiry.

## Cl. 86.—Commissaries attached to Army Service Corps.

(Issued as a Special Army Circular, on 24th May, 1870.)

1. Commissaries attached for duty to the Army Service Corps are not detached from the department generally, but remain under the direct orders of the Controller at the station and are responsible to him for the proper performance of the duties entrusted to them.

2. When a Commissary is appointed to command a company or a detachment of the Army Service Corps, the duties connected with the maintenance of the interior economy and discipline of the detachment or company, will devolve directly on him; but he will

**ARMY CIRCULARS—continued.**

obtain the approval of the Controller before ordering a regimental court martial or taking any action beyond the ordinary detail laid down by regulation for conducting the interior economy and discipline of the corps.

3. Commissaries attached to the corps, and the non-commissioned officers and men of the corps, are entirely at the disposal of the Controller at the Station, who will regulate the duties on which they are to be employed, the selection of the men for the various duties of the department, and the hours during which they are to be employed. When the regimental duties assigned to a Commissary do not in the opinion of the Controller fully occupy his time, the Controller will detail him for the performance of such departmental duties as he may see fit.

4. All correspondence with the staff officer and others, excepting such as relates to details connected with the interior economy of the corps, will be submitted by the Commissary to the Controller, and the latter will from time to time inspect the correspondence, letter books and office records, and will be responsible that they are kept in accordance with regulation.

5. The senior Commissary attached to the corps at each station will furnish the Controller with a weekly report on the Form (*see Appendix\**), copies of which may be obtained on application to the staff officer.

**HOLIDAYS IN THE DEPARTMENTS.****Cl. 87.**

With reference to Art. 681 of the Royal Warrant of 3rd February, 1866, the following instructions regarding holidays to be observed in the various departments are hereby promulgated, viz. :—

Good Friday, Christmas Day, Coronation Day, and the day fixed in each year for the anniversary of the Sovereign's Birthday, will be kept as holidays in the various departments. If Christmas Day fall on a Sunday the holiday may be observed on the following Monday. Wages will be issued on these days to all persons permanently employed by the department, and persons temporarily employed, after having served one month, are entitled to this indulgence. If, however, work shall be required to be done on any holiday, another day will be afterwards allowed in lieu of such holiday, should the service permit.

**SPARE COPIES OF REGULATIONS.****Cl. 88.**

Officers are requested to forward to the War Office all copies of the War Office Regulations of 1848, and the Pay Warrant of 3rd February, 1866 (Revised Army Regulations, Vol. I.), that can be possibly spared, also any other volumes of regulations that may not happen to be in use.

IV. The schools of musketry at Hythe, and gunnery at Shoeburyness are to be excepted from the operation of this General Order. They will report, as heretofore, direct to head quarters.

**G.O. 48.—Marking Deserters, &c.**

(Specially issued 10th May, 1870.)

Millbank prison not being a military prison in the strict acceptation of the term, prisoners committed to that establishment who are sentenced to be marked with the letters D or B C, are to undergo the process of marking at the head quarters of the corps, as laid down in paragraph 777 of the "Queen's Regulations" with reference to soldiers sent to civil gaols.

**G.O. 49.—Recruiting.**

(Specially issued 10th May, 1870.)

Paragraph 1339 of the "Queen's Regulations and Orders for the Army" is hereby cancelled, and the following paragraph is to be substituted for it:—

1339. Serjeants detached from their corps on the recruiting service will be furnished by the inspecting field officer with authority to enlist men, on arrival in the district. Every recruiter at regimental head quarters must always have in his possession authority to raise men, to be prepared on W. O. Form No. 244 (to be obtained only by application to the Adjutant General), and which is to be signed by the commanding officer, and returned to him when the recruiter is no longer employed.

**G.O. 50.—Promotions.**

(Specially issued 17th May, 1870.)

Her Majesty has been pleased to approve of the promotion of Assistant Surgeon James Jamieson, M.D., 47th Regiment, to be a Staff Surgeon, in consideration of his highly meritorious service during the recent epidemic of yellow fever at Trinidad.

Dated 18th May, 1870.

## GEN. ORDERS—continued.

**G.O. 51.—Medical.**

In future, army medical officers at home will examine and report upon seamen and marines, when requested to do so by the director general of the medical department of the navy.

**G.O. 52.—Ammunition.**

The Secretary of State for War having authorized the sum of two shillings and six pence per 1,000 being paid for the cases of expended central fire cartridges, officers commanding regiments and corps will hold officers commanding companies responsible that the empty cases, after each day's target practice, are carefully collected and given in charge of the quartermaster for return into the nearest military store; the sum received for the same being expended in extra prizes to be shot for amongst the non-commissioned officers and men of the regiment.

Officers commanding will be held responsible that at least ninety per cent. of the cases of ball cartridges issued annually for practice are delivered into store.

**G.O. 53.—Interior Economy-Depôts.**

Referring to G. O. 26 of 1870, the depôt of a regiment abroad, attached to a regiment at home, is to be provided with a small separate room as an orderly room.

When more than one depôt, however, is attached to a regiment at home, one orderly room only will be allotted for the use of all the attached depôts.

**G.O. 54.—Canteens. (Quarter Master General.)**

I. His Royal Highness the Field Marshal Commanding in Chief has decided that depôts, attached to regiments, are to pay into the canteen funds of such regiments whatever sums of money they may bring with them, arising from their share of profit of the canteen funds of the late depôt battalions.

II. On the arrival from abroad of the head quarters of their regiments, depôts will be entitled to draw from the canteen funds of the regiments to which they have been attached, whatever sum they originally paid in, and will transfer the same to the canteen fund of their own corps.

III. Depôts will not, however, have any claim to any profits from the canteen funds of the regiments to which they have been attached, nor be allowed to take away any further sum than what they originally paid in.

**G.O. 55.—Embarkations. (Quarter Master General.)**

It is hereby notified that paragraphs 1181 and 1205 of the "Queen's Regulations and Orders for the Army" apply equally to coast voyages and embarkations for foreign stations.

General officers commanding at ports of embarkation will be so good as to issue such orders as will ensure the medical examination of every soldier, woman and child, prior to their embarkation.

**G.O. 56.—Troops embarked in Queen's Ships.**

The annexed Order in Council, dated 22nd February, 1870 (Appendix A), relating to the command and discipline of her Majesty's Land Forces, when embarked on board any of her Majesty's ships, is promulgated to the Army, for general information and guidance.

**G.O. 57.—Preservation of Life.**

Referring to the instructions for the "treatment of the apparently drowned" issued by the Royal National Lifeboat Institution, and largely circulated, by the Adjutant General, to the Army, it is hereby notified that the secretary to that institution has communicated the fact, that "the jaws clenched, the fingers semi contracted," cannot be relied upon as "appearances which generally accompany death."

The words in question should, therefore, be erased from all placards.

**G.O. 58.—Discharges.**

When time-expired men are about to be sent home for discharge, officers commanding regiments abroad will transmit, to the officer commanding the discharge depôt at Chichester, nominal rolls of such men, at least a fortnight before their embarkation, in order that their attestations may be obtained, before their arrival, from their respective depôts.

*Erratum in G. O. 43 of 1870, page 45.—Pouch belts for the three ranks of Controllers—Gold lace—for 2½ inches wide, read 2 inches.*

GEN. ORDERS—continued.

## APPENDIX A. TO G. O. 56.

AT THE COURT AT WINDSOR,  
the 22nd day of February, 1870.

Present :

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS there was this day read at the board a memorial from the Right Honorable the Lords Commissioners of the Admiralty, dated the 16th February, 1870, in the words following, viz. :—

"Whereas it is provided by section 88 of an Act passed in the 29th year of your Majesty's reign, entitled 'An Act to make Provision for the Discipline of the Navy,' as follows :—

"Her Majesty's Land Forces, when embarked on board any of Her Majesty's ships, shall be subject to the provisions of this Act, to such extent and under such regulations as Her Majesty, her heirs and successors, by any order or orders in council, shall at any time or times direct.

"And whereas we are of opinion that it would conduce to the better maintenance of order and discipline on board your Majesty's ships in which your Majesty's Land Forces may be embarked if the following regulations were established, namely :—

"1. Whenever any of your Majesty's Land Forces, or any Royal Marines formed into a separate corps or battalion, shall be embarked as passengers in any of your Majesty's ships, the officers and soldiers shall, from the time of embarkation, strictly observe the laws and regulations established for the government and discipline of your Majesty's navy, and shall for these purposes be under the command of the senior officer of the ship as well as of the superior officer of the squadron, if any, to which such ship may belong.

"2. If any officer or soldier shall commit any act against the good order and discipline of the ship in which he is embarked, the commanding officer of the ship may, by his own authority and without reference to any other person, cause him to be put under arrest, or to be confined as a close prisoner, and shall thereupon, if he thinks the case requires it, transmit a report, in writing, of the charges against such officer or soldier to his superior officer, or if there be no senior officer present, to the Commander in Chief of Land Forces, in order that the offender may be brought before a military court-martial.

"3. If any officer or soldier commits any act which, in the opinion of the commanding officer of troops, requires a trial by court-martial, such commanding officer shall cause him to be disembarked on the first opportunity, or to be removed to a transport ship; and be there proceeded against according to military law.

"No military court-martial shall be held on board any of your Majesty's ships in commission.

"4. If any private soldier shall commit any act against the good order and discipline of the ship, the commanding officer of the ship, shall, if he thinks the case requires the summary infliction of punishment, apply for the concurrence, in writing, of the commanding officer of the troops as to the nature and amount of such punishment, if any, to be inflicted, and upon obtaining such concurrence in writing shall, by warrant under his hand, sentence the offender to suffer such punishment accordingly.

"5. The sentence shall in all respects conform to the provisions contained in the Naval Discipline Act, 1866, relating to summary punishments awarded by commanding officers.

"6. If the commanding officer of the troops shall decline to give his concurrence as aforesaid, he shall state his reasons in writing, and deliver the same to the commanding officer of the ship.

"Your Majesty's Secretary of State for War, and His Royal Highness the Field Marshal Commanding in Chief, have signified their concurrence in these Regulations."

Her Majesty, having taken the said memorial into consideration, was pleased, and with the advice of Her Privy Council, to approve of what is therein proposed; and the Right Honorable the Lords Commissioners of the Admiralty are to give the necessary directions herein accordingly.

(Signed)

ARTHUR HELPS.
